EC Certificate of Factory Production Control (FPC) 2273 – CPR – 0009

In compliance with Regulation 305/2011/EU of the European Parliament and of the Council of 9 March 2011
(the Construction Products Regulation or CPR)
it has been stated that the construction product:

Structural Components for Steel Structures

Harmonised	Type / Execution Class of the Construction Product	Declaration Method
BS EN 1090-1: 2009 + A1:2011	Load bearing and welded structural steel components up to EXC 4 according to BS EN 1090-2:2018 placed on the market by	1, 2, 3a and 3b table A.1 of BS EN 1090-1: 2009 + A1:2011

Billington Structures Ltd

Incorporating Tubecon

Barnsley Road, Wombwell, Barnsley, South Yorkshire S73 8DS

and produced in the factory(ies)

Barnsley Road, Wombwell, Barnsley, South Yorkshire S73 8DS
456, Badminton Road, Yate, Bristol BS37 5HY

is submitted by the manufacturer to the initial type-testing of the product, a factory production control and to the further testing of samples taken at the factory in accordance with a prescribed test plan and that the notified body No. 2273 – Steel Construction Certification Scheme Ltd - has performed the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control.

Attestation

This certificate attests that all provisions concerning the attestation of factory production control described in Annex ZA of the standard:
BS EN 1090-1: 2009 + A1:2011 were applied.

Date of first issue

01 May 2011

Date of this issue

26 October 2018

Date of expiry

05 October 2020

Validity Period

This certificate remains valid as long as the conditions laid down in the harmonised standard in reference or the manufacturing conditions in the factory or the FPC itself are not modified significantly.

This certificate will remain current subject to the company maintaining its system to the required standard. This will be monitored regularly by Steel Construction Certification Scheme Ltd. Further clarification regarding the scope of this certificate and the applicability of the relevant standards requirements (see welding certificate) may be obtained by consulting Steel Construction Certification Scheme Ltd.
